Not only considered one of the most beautiful Catholic churches in Korea, some even go so far as to say it is one of the most beautiful structures in all of Korea, citing the church's unique combination of Byzantine and Romanesque architectural styles. The rectangular building is topped with three Byzantine bell towers (to the right, center, and left) and boasts arched ceilings, several of which meet in the form of a cross.
- ◆ **Jeonju Korean Traditional Wine Museum** - offers visitors the unique chance to explore the world of traditional Korean liquor and engage in related hands-on experience programs. Some of the most interesting displays at the museum are the alcohol preparation room and the fermentation room.
- ◆ **Mt. Maisan Provincial Park** - is located in Jinan-gun, Jeollabuk-do. During the Silla Kingdom, it was called Seodasan, during the Goryeo Dynasty, Yongchulsan, and finally named Maisan during the Joseon Dynasty.
